WORK EXPERIENCE (4 YEARS)

Sr. Software Engineer (React JS)

AKSA-SDS (Telenor Microfinance Bank - Easypaisa)

09/2023 - Present

Islamabad

I led the front-end development team for EasyPaisa's next-generation online payment system, a crucial initiative aimed at revolutionizing digital financial transactions. The project focused on enhancing user experience, security, and expanding payment options for millions of users.

Achievements/Tasks

- Ensuring timely delivery of front-end components while maintaining high-quality standards.
- Conducted sprint planning, daily stand-ups, and retrospectives.
- Adapting to rapidly evolving requirements by implementing a flexible architecture.
- Utilized performance monitoring tools to identify and resolve bottlenecks.
- Leading a team of five front-end developers.

Full Stack Developer

K-Hive

09/2022 - 09/2023

Islamabad

Achievements/Tasks

- Developed and maintained the frontend of web applications using React, Next.js, and Tailwind CSS, implementing responsive designs and ensuring cross-browser compatibility.
- Designed and implemented RESTful APIs using Nest.js, handling data requests and responses, and ensuring data integrity and security.
- Implemented authentication and authorization mechanisms, such as JSON Web Tokens (JWT) or OAuth, to secure the application and control user access.
- Conducted unit testing and integration testing on both frontend and backend components, ensuring the reliability and stability of the application.
- Optimized application performance by implementing server-side rendering (SSR) with Next.js, reducing load times and improving search engine optimization (SEO).

Frontend Developer

Cavalier Group

06/2020 - 09/2022

Islamabad, Pakistan

Achievements/Tasks

- Successfully implemented responsive web design techniques to ensure optimal user experience across various devices and screen sizes.
- Improved website performance by optimizing code, reducing page load time, and enhancing overall user experience.

EDUCATION

Software Engineering

Comsats University

02/2016 - 06/2020

KEY SKILLS

React Next JS Javascript MySQL
Typescript Redux/RTK Axios React Query
Node JS Nest JS REST/SOAP Web3
Solidity Tailwind/ Material UI Agile
Git Version control HTML CSS Eslint/prettier
husky Socket.io

PERSONAL PROJECTS

Vlaunch: The Launchpad where Leading Influencers and Projects meet (09/2022 - 12/2022)

- As a highly skilled web developer, I have successfully implemented the front end of Vlaunch, a dynamic and engaging website, utilizing the powerful React JS framework. Leveraging my expertise in front-end development, I employed cutting-edge techniques and best practices to craft an intuitive user interface and seamless user experience. By incorporating modern web development standards.
- **Frontend:** React, Tailwind, Axios, Redux, Web3, Moralis
- **Backend:** Java (Spring boot 2), MySQL
- **Link:** www.vlaunch.com

Easypaisa Online Payment System (04/2023 - 06/2023)

- I developed a comprehensive web portal for Easypaisa's online payment system, designed to streamline merchant onboarding and management the system features: **Merchant Onboarding Portal:** Facilitates easy registration and onboarding of merchants like Foodpanda. **Merchant Dashboard Portal:** Provides merchants with essential details and analytics. **Admin Portal:** Enables administrators to approve merchants and conduct necessary AML checks. This system enhances the efficiency and security of managing merchant relationships for Easypaisa.
- **Frontend:** Next, Tailwind, Axios, Redux
- **Backend:** (Java Spring boot 2), Mysql

ACHIEVEMENTS

Advanced React - Meta Front-End Developer Professional Certificate (07/2023 - 07/2023)
