PROFILE

Motivated BS in Computer Science graduate, skilled in React JS web development and proficient in UI design principles. Enthusiastic about applying expertise to create visually captivating and intuitive interfaces, aiming to make a significant contribution to a progressive organization. Seeking an engaging role where I can utilize my web development and UI design skills to foster innovation and deliver outstanding digital experiences for clients and users.

WORK EXPERIENCE

React Developer

IgTechservices.com

Sept 2024 -- Present

Currently working as a React JS Developer at igtechservices.com, I am responsible for developing robust and user-centric web applications using modern technologies, with a focus on seamless API integration and UI optimization, using React js/ts, Mantine UI, Tailwind CSS etc.

- Integrated RESTful APIs for enhanced functionality and seamless data management.
- Designed and implemented interactive user interfaces tailored to business requirements.
- Optimized performance and user experience through efficient coding practices.

React Web Developer

Techcreator.co

Feb 2023 -- Aug 2024

Worked as a React JS Developer at Techcreator.co, I was responsible for developing and maintaining web applications using React.js, HTML5, CSS3, and JavaScript. Collaborating with cross-functional teams, I gathered requirements, design user interfaces, and implement new features to enhance the functionality and user experience of the applications.

- Spearheaded the development of user-friendly interfaces for various web applications utilizing React.js.
- Collaborated with cross-functional teams to conceptualize, design, and implement innovative solutions to enhance user experience.
- Contributed to the optimization of website performance and responsiveness through efficient coding practices and troubleshooting.
- Actively participated in code reviews, providing constructive feedback and suggestions to enhance code quality and maintainability.

React Developer Internee

Techcreator.co

Nov 2022 -- Feb 2023

As a React JS Intern at Techcreator.co, I gained hands-on experience in developing web applications using React.js, HTML5, CSS3, and JavaScript. I collaborated with the development team to implement new features, troubleshoot issues, and optimize application performance. This internship provided me with valuable insights into the React JS development process and enhanced my skills in frontend development.

- Gained valuable hands-on experience in software development methodologies, tools, and technologies.
- Assisted senior developers in designing, coding, testing, and debugging web applications.
- Demonstrated strong problem-solving skills and attention to detail in resolving technical issues and challenges.
