PROFESSIONAL OVERVIEW

Results-driven Software Engineer with a strong foundation in full-stack web development. Experienced in developing scalable applications using the MERN stack. Passionate about problem-solving, system design, and creating seamless user experiences. Adept at implementing authentication, role-based access, and optimizing frontend and backend workflows. A continuous learner, always eager to explore new technologies and enhance development efficiency.

WORK EXPERIENCE

Associate Software Engineer

TechSol Hub | Jan 2025- Present

- Worked on multiple **MERN stack** projects, managing both **frontend** and **backend** development.
- Designed and implemented **REST APIs** with secure authentication with **JWT** and optimized performance.
- Integrated **role-based authentication** with custom access levels, enabling dynamic permission editing via middleware.
- Utilized **Redux and Redux-Thunk** for state management, ensuring smooth data flow across the application.
- Implemented **WYSIWYG editor** for rich-text content management, also enabled **image uploading** in editor, enhancing the user experience.
- Styled applications with **Tailwind CSS**, ensuring responsiveness and modern UI aesthetics.

Web Developer Intern

TechSol Hub | Nov 2024 – Jan 2025

- Assisted in developing web applications, contributing to both **frontend** and **backend** tasks.
- Built reusable UI components and optimized page performance using **React.js and Tailwind CSS**.
- Gained hands-on experience with **Git & GitHub** for version control and collaboration.

SKILLS

- **Frontend:** React.js, JavaScript, Redux, Tailwind CSS, HTML, CSS
- **Backend:** Node.js, Express.js, REST APIs, Authentication & Authorization
- **Database:** MongoDB, SQL, Firebase
- **Development Tools:** Git, GitHub, Postman
- **Other:** Data Structures & Algorithms (DSA), Python, Flutter

EDUCATION

BS Computer Science

COMSATS University Islamabad
July 2024
