

# Sameer Khan

Software Developer

## Summary

I'm a website developer who focuses on achieving goals and is eager to learn and work in a team. I'm proactive and want to use my skills to improve the organization and I'm excited to team up with a senior developer to learn more about the latest front-end technologies and gain valuable insights from their experience, which will help me grow and improve my skills.

## Work History

2022-05  
-present

### Front End Developer

*Tech Creator , Swabi*

I am a front-end developer proficient in crafting visually stunning, pixel-perfect websites that seamlessly adapt to various screen sizes, including mobile devices, tablets, and desktops. I specialize in creating captivating user experiences using the latest advancements in React and Next.js technology and I'm now eager to collaborate with a senior developer to further expand my knowledge and skills, delving into new front-end technologies and gaining valuable insights from their experience.
