PROFESSIONAL SUMMARY

Front-End Developer with 3+ years of experience in building and optimizing interactive, user-friendly web applications. Expertise in React.js, Next.js, Redux Toolkit, Tailwind CSS, Material UI, and RESTful API integration. Passionate about developing scalable applications with pixel-perfect UI and seamless user experience.

TECHNICAL SKILLS:

Frontend:

- ✓ React.js, Next.js, React-Native, Redux Toolkit
- ✓ HTML5, CSS3, JavaScript (ES6+), TypeScript
- ✓ Tailwind CSS, Material UI, Ant Design, Bootstrap

Backend & Database:

- ✓ Node.js, Express.js, MongoDB
- ✓ RESTful APIs, WebSockets (Socket.io)

Development Tools & Collaboration:

- ✓ Git, GitHub, Postman, Swagger
- ✓ Jira, Slack, VS Code

WORK EXPERIENCE

Freelance | Front-End React.js Developer

📅 May 2024 – Present

Developed scalable front-end applications with React.js, Redux Toolkit, and TypeScript. Integrated REST APIs for seamless data flow and improved UX. Implemented real-time WebSockets (Socket.io) for live chat and data updates. Ensured cross-browser compatibility and responsive design for a 95%+ Lighthouse performance score.

Notable Projects:

◆ SAIY ADMIN (Crypto Trading Management Dashboard)

🔗 Live Demo: <https://saiy-admin.netlify.app/Dashboard>

Developed a full-stack admin panel using MERN Stack for user, portfolio, and withdrawal management.

Implemented role-based authentication and dynamic data visualization.

Optimized UI responsiveness with Redux Toolkit, Tailwind CSS, and Material UI.

◆ Zonebit admin (Crypto Trading Management Dashboard)

🔗 Live Preview: https://new_admin.zonebit.com/login

Developed a full-stack admin panel using MERN Stack for user, portfolio, and withdrawal management.

Implemented role-based authentication and dynamic data visualization.

Optimized UI responsiveness with Redux Toolkit, Tailwind CSS, and Material UI.

Codecue Solutions | Front-End React.js Developer

📅 April 2021 – May 2024 | Haripur, Pakistan

Designed and built 6+ full-scale web applications from scratch with React.js & Next.js. Integrated payment gateways (Stripe) and chat functionality (Socket.io) for real-time communication.

Translated complex UI/UX wireframes into high-performance, pixel-perfect interfaces.

Reduced load time by 30% using React optimization techniques.

Key Projects:

◆ Kinderland (Wholesale Shoe Store Admin Panel)

🔗 Live Demo: <https://admin.venettini.app/>

Developed a React-based admin panel for managing orders, inventory, and customer data.

◆ Mecca of Fitness (E-commerce Store for Fitness Products)

Built a Next.js e-commerce platform with Stripe payment integration.

◆ PHAT Website (Fundraising & Donations Platform)

Developed an online crowdfunding platform with secure user authentication.

◆ HummStaffing Hospital Portal

Designed a hospital-provider communication system with contract management.

◆ Cars Connected (Car Showroom Management System)

Created an admin panel where users can manage, add, update, and delete car listings.

Codematics Inc. | Front-End Development Intern

📅 2 Months | Abbottabad, Pakistan

Built responsive landing pages and multi-page websites using React.js & Tailwind CSS.
Converted Figma, XD, and PSD designs into pixel-perfect UI components.
