SUMMARY

As a Frontend Developer with 2.5 years of experience, I specialize in crafting scalable, responsive, and user-centric web applications using modern technologies such as React.js, JavaScript, and Node.js. I bring expertise in designing and implementing efficient front-end architectures, optimizing performance, and ensuring seamless integration with back-end systems. With a strong focus on state management (Redux), RESTful API development, and refactoring legacy code, I excel at enhancing maintainability and scalability. Collaborating closely with cross-functional teams, including UX/UI designers, I deliver intuitive and accessible interfaces while adhering to Agile methodologies to meet project goals efficiently and effectively.

PROFESSIONAL SKILLS

- React.js
- JavaScript
- HTML
- CSS
- Node.js
- Express.js
- MongoDB
- MySQL
- Tailwind CSS
- Material UI
- Git
- Figma

WORK EXPERIENCE

SILVER CONCEPTS LLC

(July 2023 - August 2024)

Frontend Developer

- Designed and implemented scalable front-end architectures using React.js and industry best practices.
- Optimized JavaScript performance within Laravel frameworks, ensuring seamless integration and superior application performance.
- Established a comprehensive style guide to maintain design consistency and improve team productivity.
- Collaborated with UX/UI designers to develop responsive web applications, enhancing user satisfaction and experience.
- Manage multiple projects simultaneously and meet tight deadlines.
- Applied advanced state management techniques (Redux) to optimize data flow and reduce load times.
- Refactored legacy code, improving maintainability and reducing technical debt for future development.
- Led API integration efforts, ensuring efficient communication between front-end and back-end systems.
- Actively participated in Agile workflows, consistently delivering features on schedule and adapting to project requirements.

KRYPTOHIVE

(June 2022 - June 2023)

Full Stack Developer

- Built dynamic web applications using React.js, Node.js, and Express.js, ensuring cross-device compatibility.
- Developed robust RESTful APIs with secure authentication and authorization mechanisms.
- Partnered with the product team to introduce new features, improving overall user experience.
- Implemented responsive designs using Material-UI, Tailwind CSS, and HTML5/CSS3 frameworks.
- Utilized MongoDB for efficient data management, ensuring performance and scalability.
- Applied state management libraries (Redux-toolkit) to handle complex application states effectively.
- Collaborated with clients to gather requirements and deliver tailored solutions aligning with business goals.
- Leveraged SaaS platforms for efficient development, deployment, and scaling of web applications.

SEQUEL TECHNOLOGIES

(December 2021 - June 2022)

SQA Engineer

- Performed manual testing on websites and apps to ensure functional accuracy and UI quality.
- Collaborated with Developers, Designers, and Project Managers to resolve inconsistencies between specifications and outcomes, ensuring the final product met expectations.
- Conducted testing for healthcare websites and apps, maintaining high functional and usability standards.
- Tested APIs using Postman to verify reliability and efficiency.

EDUCATION

BS (COMPUTER SCIENCE)

(2018 - 2022)

NUML Islamabad
